Career goals

Learn more about web programming. Specifically Front-End development. At the same time, learning more about the Back-end

Skills

JAVASCRIPT

Github

HTML & CSS (SASS) & BOOTSTRAP

REACTJS & TAILWINDS & ANT DESIGN

Introduce myself

My name is Nguyen Hoang Tuan Khanh, 23 years old. After graduating from high school, I started learning German. After a year and a half I got my B1 from the Goethe-Institut. After I got my B1, I worked as a mentor for a German language center (10/2019 - 11/2020). Around November 2021 I got a German visa and flew to Germany. In Germany I studied auto mechanics but for a half year I felt that I was not suitable for this manual job(11/2021 - 5/2022). From the above two jobs, I have accumulated a lot of experience : team work, always on time at work, responsibility in work always comes first, and always have a spirit of learning. Then I returned to vietnam and started learning about web programming. After 9 months i started to do an internship at cybersoft for 4 months, during the internship i learned more skills about front-end

Education

CYBERSOFT ACADAMY   **MARCH 27 - JULY 21**

Major: Front-End Web Developer

Work experience

MENTOR   **8/10/2019 - 10/11/2020**

Trung tâm dạy tiếng Đức DSHi
